

PHUMZILE PRINCESS NGUBENI

Objective:

I am a hardworking and self-motivated young woman, recently I obtained my Masters in Sociology at the University of Johannesburg. Currently I am enrolled for PHD in Industrial Sociology at the University of Johannesburg. I worked at the Department of Sociology as a Tutor for second year student and a supervisor for honours research under Prof Tina Uys for the past 3 years, both these positions were part-time. I have obtained research skills for both qualitative and quantitative research. In 2021 I completed my Honours in Sociology with a distinction at the University of Johannesburg. My academic journey at the University of Johannesburg has always been centred around research, seeking to address socio-economic and political injustices. In 2020, I completed my BA in Social Sciences at the University of Johannesburg.

I can execute both qualitative and quantitative research, this is furthermore supported by the certificate I received in 2019 from the department of sociology for successfully completing qualitative research.
