## WORK EXPERIENCE

**TEMBISA TERTIAL  
HOSPITAL**  
Johannesburg,  
Tembisa  
Feb 2024 - Present

### Radiographer

I produce X-ray images according to the prescribed protocols. I can offer radiation control measures based to the exposure factors that I need to give depending on the patient's medical conditions and body habitus.

I have a knowledge and can work in General Radiography, Fluoroscopy, CT scanner, Mobile Radiography, theatre work.

I perform duties as a general Radiographer during the week, weekend, after hour shift and public holidays.

I participate and facilitate in departmental quality assurance programmes.

I participate and facilitate in departmental Continuous Professional Development as required by the HPCSA.

I have computer skills as well as can perform departmental admin work on RIS prior X-raying the patient.

**NELSON MANDELA  
UNIVERSITY**  
Port Elizabeth  
Feb 2022 - Dec 2022

### Peer Mentor

Provided guidance, support, advices to first-year students. Helped them to navigate similar university experiences and situations. Offered first-year students insight and encouragement to foster personal and professional growth in their first year of study in a higher institution.
