**Salary:** R8,000 per month

**Location:** Hybrid (home and office) one in Pretoria, South Africa and one in Maseru, Lesotho

**Duration:** 1 year contract

### **About HISP-SA**

HISP-SA provides a wide range of digital health solutions including clinical decision support, laboratory systems, mobile health and data management. Our comprehensive suite of healthcare IT solutions improves many lives with a focus on digital transformation. Our purpose is to build better lives with digital solutions.

HISP-SA is committed to supporting national health priorities, including the National Health Insurance (NHI) and Universal Health Coverage (UHC) strategies. Our interns contribute to advancing these important public health initiatives.

We seek highly motivated and detail-oriented individuals within various units in the HISP-SA. This is a Fixed term, 1-year contract with an annual base salary of R96,000 if full compliance to job requirements. No additional Benefits will be included for the Internship positions. All leave applicable to the BCEA is included.

### **Public Health Intern**

This internship provides a unique opportunity to work on impactful public health initiatives, gain hands-on experience in health systems strengthening, and contribute to achieving universal health coverage in South Africa.

### **Key Responsibilities:**

- Work collaboratively with teams to develop, implement, and maintain health information systems aligned with national strategies.
- Contribute to activities aimed at achieving **Universal Health Coverage (UHC)** and implementing of **National Health Insurance (NHI)**.
- Assist in strengthening the **Human Resources for Health (HRH)** system through data collection, analysis, and reporting.
- Provide logistical and administrative support for public health initiatives and stakeholder engagements.

### **Job Requirements:**

- Degree/Diploma in epidemiology or public health related field
- Good verbal and written communication skills
- Strong organizational, communication, and teamwork skills.
- Valid driver's license needed and willing and able to travel extensively within SA
- Strong understanding of data analysis tools or software (e.g., Excel, DHIS2, or similar platforms) is a bonus.

## **Application process**

**To apply, please complete the following form: [Interns application form](#)**

Applications will close at midnight SAST on **12 January 2025**. Communication will be limited to shortlisted candidates.

In evaluating prospective applicants and making the final selection, consideration will be given to HISP-SA's Employment Equity objectives. Should you not receive correspondence from HISP-SA within 14 days of the closing date, please consider your application unsuccessful.

HISP reserves the right not to make an appointment.
